JOHN R. BAZA  
Division Director

April 15, 2013

Mike Roring  
Harsco Metals Americas  
PO Box 5  
Provo, Utah 84603

Subject: Results of Site Investigation, Harsco Metals, (Old Geneva Steel Area), Utah County, Utah.

Dear Mr. Roring:

Thank you for taking time to meet with Lynn Kunzler on April 2, 2013. The Division of Oil, Gas and Mining has determined the activities being conducted in the old Geneva Steel area do not constitute mining as defined by the Utah Mined Land Reclamation Act, so there is no need to obtain a permit from our office.

As observed, you are crushing and screening slag which is a by-product of secondary processing, and the operation is not occurring at a mine site. The Division does not regulate beyond primary processing at a mine site. Although re-mining waste dumps would be regulated, this site was never operated as a mine.

Please feel free to contact me at 801-538-5261 or Lynn Kunzler at 801-538-5310 if you have any questions about these issues.

Sincerely,

Paul Baker  
Minerals Program Manager
